

A Season to Enjoy!

It's a great feeling to be on the verge of summer!

A heart-felt thank you to Harmony's wonderful and hard-working clients, our many CPA friends for their referrals and the Harmony staff for a great tax season.

I am ready to slow down the pace a bit, I hope you are, too!

Wishing you a great summer!

~ Debbie

Three Quick Tips for Summer

1. Schedule a website review

Are your products, services, staff photos, blog posts and images up-to-date? Make any needed adjustments so your clients and prospects can stay current with your business offerings.

2. Plan now for 2024 benefits

Are you considering new employee benefits for the coming year? If yes, price out now. Start the conversation so you can plan for 2024 and get your staff excited for what's to come!

3. Review your own schedule

Have you scheduled any downtime for yourself during the summer? Be sure to schedule time for some of your favorite summer activities!

Client Spotlight

The Teddy Bear Village Child Care Center

Framingham MA

The Teddy Bear Village is a unique bilingual child care center whose philosophy is based on a simple premise - children must feel safe to explore and to learn. All staff speak both English and Spanish. TBV is an independent business and works very hard to foster a family environment.

Two questions with Owner, Evando Ananias

What do you like best about working with young people?

"I truly enjoy seeing the kids grow and helping parents to educate their children, while making the parents' lives easier. Our camera system allows parents to check in on their children at any time. Parents are also encouraged to visit whenever they like. We work hard to engage parents so that we create an environment of trust. Happy parents equal happy children!"

"We have a long waiting list and are very excited to open our second location - which will be coming soon."

How has working with Harmoney improved your business's bookkeeping?

"Before working with Harmoney, we had 3 different bookkeepers in just 5 years. We are so happy that we have chosen to work with Harmoney. The communication has been amazing and this makes my life much simpler. The monthly review meetings allow us to address questions while the details are fresh in my mind and this made closing our 2022 very easy."

The Dog Scoop - where dogs can be dogs!

Newton MA

Owner Alex Oliphant is a US Marine Corps veteran who left the corporate world to pursue his passion - **dogs!** - by opening The Dog Scoop in 2003. The Dog Scoop, located in Newton, operates with an "Open Pack" concept offering plenty of indoor and outdoor areas for dogs to play, socialize and relax. Alex always wanted a dog as a child and now feels like he has a few hundred!

Two questions with Owner, Alex Oliphant

What do you like best about working with dogs?

"Dogs come in all shapes and sizes and are a lot smarter than we think. Often, I think dogs' personalities mirror their owners'. Every day here is a good day. I sometimes go into the daycare and find myself immersed in a sea of dogs. We often have owners come to pick up their dog and many times their dog does not want to

leave - they love being here!"

How has the partnership between Harmony and The Dog Scoop impacted your business?

"Harmony is great! I have found working with Harmony to be very helpful and it also made our year end preparation very easy and stress free."

Workers' Compensation Audit?

Have you received notification for your annual Workers' Compensation - Payroll audit?

As soon as you receive notification from your Insurance company, reach out to us. Our team at HBC can schedule time to meet with you, fill out the forms and collect all of the necessary paperwork for you - making the audit process easy. We want to be certain that your business is compliant.

A workers' compensation payroll audit is performed annually after your policy expires, according to the terms in your policy, to determine the actual payroll and modify the amount paid for coverage. Submitting information requested in a workers' comp audit is required to be covered by workers' comp insurance. The cost of insurance is quoted based on your estimated company payroll.
